

# NetApp Video Surveillance Storage Solutions

**Video surveillance at the speed of life.**

Get the advantage of high density and high performance in a small footprint—without compromise.

## Real-time video analytics

See how [UNICOM Global](#) is able to view and analyze video data from hundreds or thousands of cameras immediately—not hours or days later.

## Never miss a moment

Read how E-Series can scale up to 3GBps throughput—almost [three times](#) what other video surveillance storage systems can provide.
